REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: USP 5,455,985 discloses a floor cleaning machine comprises a first squeegee assembly (38) constructed to move in a first and second position as claimed. However, the side squeegees (56,58) are not capable of moving as claimed. Nor does the prior art of record teach or suggest a second squeegee assembly which is capable of motion with respect to a first squeegee assembly and the chassis of the cleaning machine as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because of the handwritten numerals and lines. Applicant is advised to employ the services of a competent patent draftsperson outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
